

- Scores must be submitted by 7pm on 24th June and for specific teams to be entered, I need a full quota for the specific team (3 archers of the same bowtype and gender).
- If we meet a team quota after this date, I will enter the team but we will be subjected to a waiting list with no guarantee of a space.
- If I get 6 archers of the same bowtype and gender wanting to shoot, I will put the top three in as team A and the next three in as team B, however team B will be subject to a waiting list with no guarantee of a space.

NOTE: If two archers have the same average handicap, I will choose the archer with the highest WA720 score submitted to me.
